

Monthly Tuition Rates

Sliding Scale Tuition

At Saxapahaw Village Kids Preschool we strive to make our program affordable for all families. Tuition is calculated according to a sliding scale that is based on total annual household income.

For specific questions regarding tuition rates, please contact our Director.

Total Annual Household Income	Daffodil Room (approximate age of students: 2-3.5 years)	Orchid Room (approximate age of students: 3.5-5years)
\$100,000 +	\$1083	\$1040
\$75,000 - \$99,999	\$996	\$953
\$50,000 - \$74,999	\$823	\$780
\$35,000 - \$49,999	\$672	\$628
\$34,999 or below	\$563	\$520

Tuition for part-time students is directly prorated (i.e. a child who is enrolled three days per week would pay 3/5 of full-time tuition).

Tuition for half-day students is 2/3 of full-time tuition.

Scholarships may be available to families in need. Families may apply to the scholarship committee.
